Creative Design Portfolio

Welcome to My Portfolio

This collection highlights one-off pieces like flyers, graphics, and marketing collateral I've created for various projects. While each project had its own goal, they all reflect my approach: bold design, clear messaging, and intentional creativity.

Thanks for taking a look.

Walk with Grace

Creative direction and social media design were developed for the inaugural Walk with Grace event, a nonprofit organization dedicated to raising awareness around pregnancy and infant loss. The visual identity featured a thoughtful use of blue and pink, symbolizing remembrance and compassion, while ensuring the brand remained sensitive and supportive. Graphics were created to promote the event across digital platforms, maintaining a cohesive and heartfelt presence throughout the campaign.
